

Application for user account

Users should fill in and sign this form to apply for user accounts on the Un*x and/or Windows systems managed by IT Support at the Royal Observatory. For visitors and students a counter signature from a member of the Royal Observatory is also required.

No form is required for short-term visitors who merely require access to a guest account. Their host should contact IT Support directly. Visitors who only want to connect their laptop to the visitor DMZ should also not fill in this form. Rather, their host should contact IT Support directly.
